passcode

time-limited
passcode

A graphic advertisement for a smart lock. The background features a dark smartphone with a numeric keypad (1-9, *, 0, #) and a glowing blue fingerprint scanner. A transparent blue cylinder with a fingerprint icon is positioned over the scanner. Golden, swirling lines are scattered across the scene. At the top left, the text 'SMART LOCK' is inside a brown rounded rectangle. Below it, the main title 'Fast fingerprint recognition' is in large, bold black font. On the left side, three performance metrics are listed: 'Semiconductor Biometrics', '≤ 0.001%* FAR', '≤ 0.01%* FARR', and '≤ 0.5s* Recognition speed'.
